

Two Grassroots/TEA Party Events Coming to Henderson County

If you are tired of witnessing the greatest fundamental change taking place in our nation's history, join with other citizens and patriots and learn what can be done to reverse that course.

The Grassroots/TEA Party movement has been the driving force in exposing the march our Country is on toward liberal progressivism. The question is will this generation be the first to leave to our children a country with less opportunity than what our parents and grandparents left us? Will we saddle our children and grandchildren with a governmental debt that will destroy their future?

The answer to these questions and more will be discussed at a kickoff rally to be held on November 21st at 7:00 pm at Rock Hill Baptist Church. The Church is located on Hwy 31 between Brownsboro and Chandler.

Several East Texas Grassroots/TEA Party groups will sponsor the public rally with local veterinarian and TEA Party activist with Dr. Dwayne Collins acting as emcee.

We thank Rock Hill Baptist in advance for allowing us the use of their facilities for this important gathering.

Program speakers for this first event will be:

Ray Myers: Chairman of the Kaufman County TEA Party, one of the most active TEA Party groups in the state. He will give you insights on how organized citizens can make a difference if they work together. Ray was one of the many TEA Party activist audited by the IRS. A tactic used by the Federal Government to suppress those who speak out.

Pastor Dan Cummins: Founding pastor of Bridlewood Church, Bullard, Pastor Cummins is originator of "Washington A Man of Prayer" held in the prestigious Sanctuary Hall of the US Capitol. For the first time in over 100 years, Speaker of the house John Boehner, with the help of US Representative Louie Gohmert, granted a private citizen (Pastor Cummins) permission to conduct this event honoring the inaugural anniversary of President George Washington as a man of faith and prayer. Pastor Cummins' exciting ministry seeks to call our Nation back to the fundamental principles of God and Country.

Alice Lanahan: Co-Founder of Women on the Wall, a grassroots organization of conservative women dedicated to building a safe and prosperous Texas so that future generations of our children can thrive. Women on the Wall was instrumental in exposing the short comings of the Washington based CSCOPE and other Common Core curriculum being used in our public schools. Learn from Alice what the Federal government has in store for our children's education if we do not act.

Wayne Christian: A former East Texas State Representative and current candidate for State Railroad Commissioner, Wayne is best known for being the most effective conservative leader in Austin. Wayne was consistently ranked among the most conservative legislators by groups such as Texas Eagle Forum, Young Conservatives of Texas and Texans for Fiscal Responsibility. As President of the Texas Conservative Coalition, Wayne traveled the state speaking with TEA Parties and Republican Clubs exposing the fallacies of the moderate leadership in the Texas Capitol. This dedication to keeping Texans informed led to his defeat in 2012 where he was drawn out of his district and attacked with over a half million dollars from special interests. Wayne will share insights on how Austin politics operates but will also offer very practical and fundamental solutions to running government.
