

# OBAMA'S STRATEGY FOR EDUCATIONAL EQUITY

= GOP REAUTHORIZATION OF ESEA

## **BEWARE:**

The following documentation from the Obama administration proves that:

**OBAMA'S THREAT TO VETO CHOICE OR TITLE I PORTABILITY IS FALSE!**

The five issues laid out in his report are plainly seen in both HR 5 and S 1177. This is Obama's plan to socialize education. The GOP has agreed to Obama's Plan which will be legislated in the Reauthorization of ESEA. Congressman Kline and Senator Alexander are co-perpetrators.

**Will Senate Democrats agree to Title I Portability IF Republicans agree to Universal Pre-K? Do you think the deck is stacked?**

Obama will win again if the Reauthorization passes with both amendments, Portability and Universal Pre-K. The five issues Obama planned in his "Strategy for Education Equity" plan (below) in 2013 will most likely be agreed to in Conference Committee between the House and Senate.

**(See p. 16, SOURCE:** <http://www2.ed.gov/about/bdscomm/list/eec/equity-excellence-commission-report.pdf>**) (Emphasis added.)**

1. **ESEA** = totally "***restructuring the finance systems*** that underlie ***every*** decision about schools, focusing on ***equitable resources*** and their cost-effective use" toward federal goals. Title I Portability redistributes financial resources. It restructures our local taxing system and bypasses state's rights.
2. **ESEA** assures "***the most critical resource of all: quality teachers and school leaders, and the supports...***" (specialized student support teams that implement the government's mental health agenda). Title I identifies "ALL learners" deemed to be needing direct student services (IDEA) to fulfill government goals. All students are to have "have access to" ***the national model curriculum***. Teachers are retrained in social, emotional, behavioral, non-academic techniques, (because they have to reeducate the children with fidelity) and in specialized student supports (called Response to Intervention, Positive Behavior Intervention and Supports, Early Intervening Services, Multi-Tiered System of Supports, as worded exactly in the legislation). These are the direct student services called meaningful choice, again as worded exactly in the legislation. EVERY child will be treated to change their values, attitudes, beliefs, and dispositions to conform to government goals.
3. **ESEA** includes "***the importance of starting early-making the case for high-quality learning for all children, especially for***" at-risk children, defined in Title I and IDEA. (See above) [Murray(D-WA) -Casey (D-PA) pushes for Universal Pre-K]. ***No child will escape Common Core and the reeducation of attitudes, values, beliefs, and dispositions, even BABIES.***
4. **ESEA** = "***providing critical support-including increased parental engagement, increase to access of health and social services, extended instructional time and assistance for at-risk groups***" including all students who do not meet Common Core, affective domain mental health behavioral outcomes, using ongoing, Pavlovian conditioning. Schools will have to apply for partial hospitalization provider licenses, either nos. 47 or 50, to bill Medicaid for school based mental health for what is now defined as Common Core disabilities for ALL children.  
**ESEA = MEDICALIZATION OF SCHOOLS = MEDICAID = UNIVERSAL HEALTH CARE**
5. **ESEA** "***lay(s) out the changes in accountability and governance necessary to ensure that all schools will***" come under the thumb of the NCES/IES and the federal government and there will be no need to change the Reauthorization of ESEA again to "***advance equity ...in America's public schools.***" The federal government will have complete control over ALL personal data collected through education in the United States with the passage of the Reauthorization of ESEA 2015. Equity = Data Collection = Accountability = Compliance = Socialized Education.

What do we do to stop ESEA when the compromise comes to the floor of both chambers?  
Focus on the following 3 issues with your Representative. (Be looking for our 3 related reports.)

**Privacy**...exposing the GAO Report to your legislators about the national data warehouse.

**Funding**...exposing where the money will come from to fund Title I Portability.

**Community**...exposing Obama's "**Equity Strategy Plan**" which will destroy the Republic, our vote, our voice, our property, state's rights, our children's future, our freedom.
